Potatoes - Dispatch Mid January onwards

Potatoes- Dispatch From January depending on Weather conditions.

The following selection of varieties are available this year which we feel offers the best range of types for all purposes.

EXTRA VALUE FOR MONEY:- As to offer you the best value for money, our scottish potato supplier are now offering potatoes in 2kg, 2.5kg & 25kg packs, as to offer you the best value for money. The more you order, the better the price, the more you save! **This is calculated per group delivery**, so if others in your allotment are ordering you may get yours cheaper. Make sure you check with your secretary to ensure you get the best price.

Please enter your requirements on to the order form quoting the reference number, quantity required and price. If you require different quantities of the same variety, please enter on separate lines.

As potatoes are highly perishable, deliveries should be inspected as soon as they arrive and then laid out in a cool, dry place. Please notify us immediately on receipt of consignment if there is any damage to any tuber and we will replace. We cannot, however, entertain any claims made more than 7 days after delivery. Last orders 31 December 2011. Despatch of all potato orders will be made from January onwards (weather permitting)

Please note due to circumstances beyond our control we may have to send a substitute, nearest to your chosen variety. If this is not acceptable please make sure you tick the box shown on the order form.

If you order 1-3 bags, the price you pay per bag is £7.25
If you order 4-7 bags, the price you pay per bag is £5.60
If you order 8 and above the price per bag is £4.45
25kg price available on application
